

LYME REGIS HARBOUR
LOCAL NOTICE TO MARINERS

N0.2 of 2026

LYME REGIS AIR DISPLAY
AIR DISPLAY WATER EXCLUSION ZONE
ADVISORY NOTICE

Mariners are advised that on Wednesday 19th August, Lyme Regis will host an air display starting at 18:00. We politely request that anyone planning to be on the water during the display (boats, watercraft, paddlers, swimmers etc.) please take note of the following information.

On safety grounds and on instruction from the Flying Display Director, an advisory and temporary **Air Display Water Exclusion Zone (ADWEZ)** will be in force (and being patrolled) on the water offshore of Lyme Regis. The ADWEZ is indicated on the map below.

The advisory notice guidance is that anchoring and movement of vessels under the flight area is not permitted on:

Wednesday 19th August 17:45 – 18:15

The exclusion zone is to ensure the safety of anyone on the water in this zone and will be patrolled in the lead up to, and during the event. A failure for bay users to comply with the advisory notice may result in the air display being delayed, curtailed or even cancelled.

Owners, Agents, Charterers, Marinas, Yacht Clubs, Recreational Sailing Organisations and Water Sports Associations should ensure that the contents of this notice are made known to the Masters, or persons in charge of their vessels or craft.

Event Organiser – Lyme Regis Town Council
